

EUROPE'S NO.1 IN WATER TECHNOLOGY

Wherever BWT operates, you'll see many years of BWT expertise at work – and in all water treatment applications. Every single one of our products represents the highest standards of safety, hygiene and health.

**SINCE 1823
 FROM GERMANY**

SEDIMENT BACKWASH FILTERS

**PROTECTOR
 MINI C/R**
 1.6 m³/h

PROTECTOR
 3 - 3.5 m³/h

INFINITY A
 4 - 16 m³/h

INFINITY M
 3.5 - 11 m³/h

MULTIPUR M
 65 - 150 m³/h

MULTIPUR AP
 65 - 150 m³/h

- Space-saving and replaces traditional large sand filters
- Self-cleaning technology does not affect water supply
- Low maintenance and easy to install
- Time-controlled and differential-pressure controlled

SOFTENERS

**BEWAMAT
 25A / 75A**
 1.4 - 2.5 m³/h

BEWAMAT COMB
 1.6 m³/h

PERLA XL
 1.9 - 3.6 m³/h

RANDOMAT DUO
 2 - 10 m³/h

RANDOMAT HVD
 6 - 50 m³/h

- Reduce water hardness to desired levels
- Auto regeneration which does not affect water supply
- Auto disinfection, hygienic

UV DESINFECTION

BEWADES BLUE
 0.5 - 3.5 m³/h

BEWADES LC
 2.4 - 38 m³/h

BEWADES N
 3.8 - 178.2 m³/h

BEWADES T
 5.9 - 342 m³/h

- Kills 99.99% of bacteria and viruses instantly
- Complete with control and alarm panel
- Long lamp lifespan up to 14.000hrs

CARTRIDGE FILTERS

E1
 1.6 - 3.6 m³/h

BAG FILTER BFS
 7 - 45 m³/h

FH4420
 1.0 m³/h

- Space-saving and replaces traditional large sand filters
- Utilises replaceable cartridges
- Low maintenance and easy to install

MULTIMEDIA FILTERS

MULTI SERIES
 2 - 5 m³/h

ERF
 1 - 5 m³/h

CS SERIES
 6 - 30m³/h

- Removes a variety of water contaminants such as chlorine, iron and manganese
- Auto backwash with control panel
- Easy to install

ALTERNATIVE LIMESCALE PROTECTION

AQA TOTAL ENERGY SERIES
 1.5 - 14 m³/h

AQA NANO
 1.5 m³/h

- Maintains mineral content in water and reduces scaling
- Easy-to-use cartridge replacement system

REVERSE OSMOSIS RO

PERMAQ PICO
140 - 1950 L/h

PERMAQ PRO 2700
6 - 20 m³/h

PERMAQ PRO 2900
30 - 100 m³/h

- Up to 80% Permeate Yield, 99% Salt Retention Rate
- In-built electrical control unit with active monitoring
- Low-noise operation
- Applicable for drinking water, process water and others

SEAWATER RO RO

SEA WATER RO
Up to 100 - 3.000 m³/day

- Automatic pre-treatment plant integrated with reverse osmosis system
- Energy-saving plants are prefabricated into containers and mounted skids
- Low operating cost

DRINKING WATER FILTERS

**AQA DRINK
PURE SET 2.0**

**CARE SERIES (MCS 400)
FOR ULTRA-SOFT WATER**

**PROTECT CARE SERIES
(MPC 400 & MPC 500)**

PURE SLIM 2/3/4

**PURE SLIM
RO DF PREMIUM**

PURE SLIM CT

**WODAPURE
CLASSIC SET**

**BESTAQUA
ROC 14/ROC 16**

**WODAPURE
SOFT MIN**

ADDITION OF
NATURAL MINERALS

- Treats water for drinking water, bacteria-free water and mineralized water
- Easy to install and low maintenance
- Removes sediments, chemical contaminants and adds minerals

TABLE WATER FILTER & CARTRIDGES

**PUREST WATER
FILTER JUG**

**PUREST WATER JUG
FILTER CARTRIDGE**

**MAGNESIUM MINERALIZER
WATER JUG**

**MAGNESIUM MINERALIZER
WATER FILTER CARTRIDGE**

- Table water filter jug can remove 99.9% bacteria and viruses for the safety of water used for drinking
- Magnesium Mineralizer table water filter can remove chlorine, limescale and heavy metal substances from water while mineralising the water with Magnesium

CHEMICAL DOSING

AQA BLUE

MEDOMAT FP

MEDOTRONIC P

- Applicable for chemical dosing including pH, chlorine
- Space saving
- Easy to install

WATER DISPENSERS

**AQA DRINK
PRO 20**

**AQA DRINK
PRO 60**

AVAILABLE WITH
VARIOUS CARTRIDGE

**MCS or MPC SERIES/
WODAPURE CLASSIC/
PURE SLIM SERIES/
BESTAQUA ROC**

- Enjoy hot, cold, ambient or sparkling filtered water instantly
- Compact design suitable for home and office
- Plumbed-in for fresh water supply
- Customizable cartridge options are available

SHOWER

B-SAFE

- Removes bacteria (e.g legionella), germs, amoebas & particles in water
- Easily fits shower hoses
